Net Weight : 800g

Package Contents :

Keyboard : 1 U

USB Receiver : 1 U

Type C to USB A Cable : 1 U

QR Code Guide : 1 U

Product Description :

Type - C Charging Port

On / Off Toggle

Instructions for Use

Wired Mode:

Connect the provided Connector Cable from the PC/Laptop to the keyboard and switch the keyboard to wired mode using the **Fn + PrtScr** keys. Once connected the white LED will lit constantly.

Wireless Modes:

2.4GHz Mode :

Connect the dongle provided with the keyboard to the PC/Laptop and switch the keyboard to 2.4GHz mode using the **Fn + Delete** keys. Once connected the green LED will lit constantly

BT Pairing Mode :

- Press and hold **Fn + BT1** or **Fn + BT2** or **Fn + BT3** to select the corresponding BT mode.
- Once connected to BT.
- The selected BT mode will **blink rapidly**, indicating that the keyboard is in **discovery (pairing) mode**.

- Open the BT Settings in the PC/Laptop and scan for the keyboard name **iBall BT1** or **iBall BT2** or **iBall BT3** respectively and pair it. Once connected, the indicator will stop blinking.

3 BT Connection and Switching Between the Connections:

- The keyboard supports up to 3 BT connections, which can be switched as per usage. For instance, you can connect your Smartphone Laptop or other BT supported device on BT1/BT2/BT3 respectively.
- Once connected to the devices, you can press the Fn + BT1/Fn + BT2/Fn + BT3 button (short press) to switch among the 3 BT connections.
- This helps you to keep the keyboard connected to 3 devices in the same time and allows you to switch between them as per requirement.

Multimedia Functions :

To Switch between Windows, MAC & Android Modes - Press the respective combination to switch between the three modes.
